Specialist National Professional Qualifications (NPQs)

**An introduction to the specialist
NPQLBC programme (Leading
Behaviour and Culture)**

NPQ programmes: what has changed?

So what's changed?

- Through the revised Initial Teacher Training Core Content Framework and the implementation of the Early Career Framework, the DfE are now supporting teachers in the first years of their career with a structured two-year induction into the profession
- NPQ content areas are threaded from the Early Career Framework
- The NPQs and New Headteacher Programme build on this foundation to provide continuous career pathways with training and support for teachers and leaders at all levels (with Teaching content from the ECF in all of the specialist NPQs)
- The revised suite of specialist and leadership NPQs will complete the golden thread from initial teacher training through to school leadership, rooting teacher and leader development in the best available evidence and collective wisdom of the profession

NPQ programmes: what has changed?

Specialist NPQs

NPQ Leading Teaching (NPQLT)	For those who lead, or aspire to lead teaching in a subject, year group, key stage or phase
NPQ Leading Teacher Development (NPQLTD)	For those who lead, or aspire to lead the development of other teachers
NPQ Leading Behaviour & Culture (NPQLBC)	For those who lead, or aspire to lead behaviour and culture and/or pupil well-being
NPQ Senior Leadership (NPQSL)	For those who are, or aspire to be, senior leaders leading across a school
NPQ Headship (NPQH)	For those who are, or aspire to be, headteachers leading across a whole school
NPQ Executive Leadership (NPQEL)	For those who are, or aspire to be, executive leaders with responsibility across more than one school

Leadership NPQs

So what's changed?

- Specialist NPQs support career pathway width and replace old NPQML
- Assessed school-improvement projects have been replaced with practice-based formative and summative assessment tasks
- Behaviours do not feature in DfE frameworks, however, BPN have embedded these throughout
- Greater emphasis on practice-based activity and participant context – practice activities, in-school performance coach
- Domain-specific evidence base

Specialist NPQ programmes: assessment

- 12 month programme followed by summative assessment task
- Case study (will only cover content which is referred to in the NPQ Content Framework)
- SAT will allow participants to demonstrate understanding of the DfE's NPQ Framework 'learn that' statements and how they can successfully apply this new knowledge through the 'learn how to' statements
- The SAT will have its own mark scheme and marks will be awarded for both 'learn that' and 'learn how to' statements
- The SAT submission is 1,500 words: participants receive the unseen case study at the start of an eight-day assessment window and submit their response by midnight of the eighth day
- This SAT window falls 12-15 months after the start of the programme.
- Participants are required to meet 90%+ engagement as well as a successful SAT to pass their programme
